RIVERWALK

Senior Living

An innovative senior living residence is proposed near you!

Riverwalk is a supportive living rental residence for seniors proposed for the inner-city community of Cliff Bungalow. Situated at 5 Street SW and 25 Avenue SW, the location is just steps away from one of Calgary's vital Main Streets.

Riverwalk is proposed as a mid-rise building that would include independent supportive living, assisted living and memory/dementia care suites. It would provide local seniors with a continuum of care to accommodate various levels of changing needs. This continuum and its associated amenities, services, programs, personalized care and location will make this residence unique in Calgary. We encourage all interested parties to find out more about the proposal and if you have questions or wish to share your thoughts please contact us at:

PRESIDENT'S REPORT

2018 Lion Awards

We are very lucky to have great people on our board. Two of those people were recognized at the 2018 Lion Awards. Marilyn Williams, our Heritage Director, was recognized in the Advocacy & Awareness - Individual category. Kate Zago, one of our Directors at Large, was recognized in the Community Vitalization – Historic Signal Box Program. Congratulations to both. There was an article in the September newsletter on page 13.

The 2018 Calgary Heritage Authority Lion Awards were held on August 2nd at the iconic Palace Theatre. The biennial awards were started in 2003 and named for the Centre Street Bridge lions, sculpted locally in 1916 and installed in 1917. The bridge and the beloved 12,600 kg lions were designated a municipal historic resource in 1992. Awards recipients receive a (much smaller and lighter) replica of the lion statuettes in recognition of their efforts to champion and preserve heritage in Calgary.

Looking for Some Good People for our Community Association Board

The next Annual General Meeting will take place on Wednesday, November 21. We need to fill positions on the board, including Treasurer, Social Director, Vice President and Director-at-Large. As Treasurer, you would have an important oversight role. Although any formal accounting is done by a contract person, an understanding of this field would be an asset. The Vice President position often takes on or helps with any number of community activities and projects where extra help is needed. The Social Director position deals with the fun side of community activities by coordinating the many events our board plans each year. Lastly, we would like to add one or two Directors-at-Large who take on special projects and help with others. If you are interested in exploring any of these opportunities, please contact me at cbmca.president@gmail.com.

Pocket Park / Plaza

This special project has been spearheaded by Kate Zago. It is located at the southwest corner of 17th Avenue and 5A Street SW. It was neglected and unused public space that will now be an urban oasis thanks to Kate and her friends. The project is being constructed at the time of writing this column and has taken several years to complete. Many of you participated in the public consultation held on February 11, 2016. This project is a community-based initiative undertaken through Cliff Bungalow – Mission Community Association. The City would normally undertake a project such as this. While the City has provided a grant, it is a CBMCA project being managed by Kate. Look further in this newsletter for more information on the Pocket Park. We hope to have an unveiling after it is completed.

Proposed Development at 25th Avenue and 5th Street SW

Our community Planning and Development Committee met for a second time with the applicants on September 12. We focused on the proposed building, which could be built if the proposed land use change is approved by City Council. We have already made it clear we do not support that land use change. We talked about how the building could be improved and the specific things we had identified as concerns. One thing we should make clear, we do not oppose the proposed use – seniors living. If they were to propose a seniors living building within the current land use rules, we would have no problem with that situation.

There will be a Public Hearing of City Council to approve or not to approve the Land Use change that is required. This means this will be a political decision. This could be this fall or in the new year. When the public hearing is scheduled, there will be an ad in a Thursday paper before the hearing. Anyone interested can submit a letter prior to the hearing and can speak for 5 minutes at the hearing. We will keep you informed as we find out when that is going to happen.

The current Land Use is M-C2 with a height limitation of 16 m and a FAR (Floor Area Ratio) of 2.5. They are applying for Land Use District MU-1, which allows a height of 45 m and FAR of 7.5; around three times the current approved Land Use. While our Area Redevelopment Plan supports increased density, historically the number one development issue in our community has been height. This was confirmed during the review of the ARP and during the two community-wide consultations in recent years. This proposal does not respect this widely held position.

Community Clean-Up

This year's Community Clean-Up was a resounding success! Big thanks to Shannon MacLeod for setting the day up and getting us organized. We would like to acknowledge all those who volunteered to help set up, host and take down at the end of the day - Rick Williams, Ken Hryciw, Amanda West, Shauna De'Andrea, Bryce Kirk, Lynn Kirk and Natalie Bourgault. If we missed you on the list, it's because we forgot to get a list of names (shame on us!), but we hope you, and everyone we mentioned, know how grateful we were for your assistance! Thanks to Recycle-Logic and Mike, the scrap metal guy, for being there and helping to make the event such a success. Many thanks as well as to all of our wonderful neighbours for showing up and sharing/donating for a good cause. A full dumpster of community refuse has gone to the dump, many items exchanged hands between neighbours, and the Women In Need Society (WINS) took a great many items to the people who desperately needed them. Looking forward to seeing you there next year!

An innovative new public space will soon take shape on the city's beloved uptown 17th Avenue. The transformation of a long-neglected corner on 17th Avenue and 5a Street SW recently broke ground and is expected to open in mid-October.

The Bench Project - a local community group comprised of young planners and designers - championed the project, in partnership with the Cliff Bungalow-Mission Community Association. In 2017, the citizen-driven initiative successfully obtained funding through the Council Innovation Fund due to its unique approach to creating public space in a dense neighbourhood where land can be prohibitively expensive to acquire.

The Bench Project saw an invaluable opportunity to retrofit a gravel-filled space on this corner, located next to Western Canada High School, for the benefit of a community. While Calgary has a significant amount of park and patio space, the city lacks free spaces for people to linger and observe public life on the street. Members of The Bench Project subscribe to the viewpoint of well-known urbanist William Whyte, who pointed out, 'What attracts people most, it would appear, is other

people.' When accessible, affordable communal spaces are located along busy pedestrian corridors, chance encounters with neighbours and friends become more likely. As a result, communities are strengthened, becoming more connected and more resilient.

The plan was conceived four years ago. "From the beginning, the Calgary Board of Education and Western Canada High School have been on board, recognizing this as a unique opportunity for both students and the street. We have been blown away by how much support they have shown for this project," notes Kate Zago, a founding member of The Bench Project and board member of the Cliff Bungalow-Mission Community Association. In addition to the CBE and Western, The Bench Project was grateful to receive strong support from the 17th Avenue Business Revitalization Zone (BRZ), which has generously agreed to assist with maintenance. Zago further notes that, "this project wouldn't have been possible without the endless hours and resources provided by so many different community groups, local organizations and institutions. It really demonstrates how lucky we are to call this city our home."

Numerous engagement sessions with community members and Western Canada High School students informed and shaped the design for the *17th Avenue Pocket Square*.

"Involving the community at every stage has been an important component of the project for us," says Kate Zago. "We want to ensure the space responds to the needs of the local community as well as the city at large. As it exists today, 17th Avenue SW acts as a meeting grounds for all Calgarians, and this small but powerful project strives to ensure this legacy continues for decades to come."

Cliff Bungalow Community Garden's Fifth Year

Cliff Bungalow Community Garden has had another very productive year. Gardeners and those who just wandered through our garden beds saw how lovely and lush everything looked. Growing this year were sunflowers, poppies, various kales and lettuces, purple tomatoes, climbing peas, our communal herb bed and lots more.

This year, in addition to growing healthy plants, we had a special focus: building a wooden garden shed. We found a carpenter who built what we were looking for and the shed sits behind the hall where we now store our tools --- mission accomplished!

It was delightful to see children exploring and discovering things growing above and below the rich soil. There were many enthusiastic young ones lugging watering cans to deliver water to their gardens and others, too.

Our garden, as all community gardens, grows food to offer to others. This year we donated about 60 lbs. of swiss chard, mustard greens, lettuce and kale to the Feed the Hungry program and the Mustard Seed. Some of our produce went to the people who find their way to Sunday dinner at St. Mary's Hall in our community.

We share in a project called Embrace Gardening, a series of talks/workshops with 5 other inner-city community gardens, which serves to enhance our knowledge and understanding about growing food, soil life, pollinators, etc. In June we hosted a very popular workshop: 'Herbs and Edible Flowers.'

We have started a collection of gardening reference books and magazines for those who enjoy something other than an online experience. They were on display at the CBMCA Potluck Picnic Garden Party in July and are available upon request.

If you are interested in a garden bed in 2019 or would like to know more about our garden, please contact us: cliffbungalowgarden@gmail.com. Another way to come together in our community!
